“Providing High  
Quality Data With  
Superior Customer  
Service”

### ***Mission:***

Our mission is to provide analytical services to residential, commercial, and industrial clients with integrity, reliability, and assurance.

### ***Vision:***

Monitoring and protecting our environment, specifically our water supplies, is an ongoing task that we are proud to be a part of. Clean water is one of the most valuable resources we have, as we depend on it for our health and recreation. We are committed to helping monitor and protect the pristine waters of Minnesota, Wisconsin, Michigan, and the Great Lakes for generations to come.

### ***Principals:***

Linda Christensen, Chemical Engineer  
Christopher Gross, Analytical Chemist

### ***Support Staff:***

Kristin Gross, Office Manager

### ***Services:***

Total and dissolved mercury in nonpotable water

*E. coli* analysis in surface waters.

Field sampling services available by arrangement.

### ***Methods:***

- EPA 1631E for low-level mercury
- Colilert18 w/Quanti-Tray for *e.coli* in surface water

### ***Contacts:***
